July 31, 2006

Dear Customers:

**SUBJECT: Discontinuance of Some of SANYO Laser Diodes**

Thank you very much for your continued patronage of our laser diodes.

We would like to announce discontinuance of some of our laser diodes. Please confirm the part numbers to be discontinued and cooperate to replace the parts by the substitute parts shown below.

1) Discontinued Parts & The Substitutes

Discontinued Parts	Substitute Parts	Remark
DL-5146-351	DL-5146-152	Change from + floating system to 2 power supply system
DL-7141-035 *	DL-8141-035	Change from CW 100mW to CW 150mW

\* Includes wavelength selection parts (-035A & -035B)

2) Last Time Order

Until September 30, 2007

3) Last Time Delivery

Until March 31, 2008 (ex-factory basis)

4) Notice

\* Any orders as after October 1, 2007 won't be accepted.

\* Customers who do not make any comments by September 30, 2007 will be regarded as they accept the discontinuance and don't need to place the last time order.

\* Changing the qty of the last time order won't be accepted because we will collect necessary materials and dispose of unnecessary stock based on the qty of the last time orders.

\* Please take the last time order by March 31, 2008. (We won't ship the discontinued parts as after April 1, 2008.)

Please inform our sales staff if you have any questions.

Sincerely,

Shoji Honda
